

# YEALINK A30 MEETINGBAR MICROSOFT TEAMS ROOMS

Based on Android and built-in Microsoft Teams, the all-in-one MeetingBar A30 with CTP18 touch panel brings the seamless Teams meeting experience to medium rooms. Designed in a dual-camera system with AI-powered cameras featuring 8 megapixel sensors, 120° diagonal field of view, auto framing, and speaker tracking, along with the 8 MEMS microphone array and speakers, the MeetingBar A30 delivers enhanced smart video and HD audio for the medium meeting spaces. With simple plug-and-play for a quick kick-off, the A30 delivers a simple but effective solution.

FROM ~~€2.199~~  
NOW €1.949

*Price excl. VAT  
Valid in May 2023  
Installation not included*

## AUTO FRAMING

Auto Framing recognizes the number and the positions of attendees, framing everyone smoothly in the most appropriate view even in small spaces.

## SPEAKER TRACKING

Speaker Tracking frames a real-time close-up on the presenter, bringing a vivid face-to-face meeting experience and ensuring attendees are well-engaged.

## PICTURE- IN-PICTURE

Picture-in-Picture tracks and frames the speaker in an individual window, which is separate from the other window, for a panoramic view, enabling users to keep an eye on who's talking even if the speaker is seated at a distance in a medium room.
